June Strouse

Our summer program had 75 children in attendance.
This summer we celebrated Porter Township's 175th anniversary
All guest readers read a story about a Birthday.
We made birthday cards, invitations, party hats, and had a Birthday Party.

Alternate Diary Princess Ashtyn Moore, Dairy Maid Desmyn Moore and Lil Dairy Miss Alexis Whitehill.

The girls helped the children make their own sundaes.

Weis Store gave us gift cards, which we used to purchase the cake.

Emily Brungard and I baked the cupcakes.

Each child brought in an unwrapped toy for a child. We invited Mark the Shark to join us and we gave all the toys to him for his Christmas Toy Drive for Children..

We received a \$250 grant from Thrivent. (Thank You to Sue Wilt for making this possible) The money was used for supplies to make garden stones for our flower bed, buy supplies for our parade float, and for a birthday quilt that each child made candles that will be placed on the quilt when we get it together. The rest of the money was used to purchase supplies for crafts.

George Schrock donated money to purchase the Book Bags for each child.

Ingrams gave us Ice Cream coupons for all the children.

Books were donated to the summer program from Connie Peters, Jaime Strunk, and the Women of the Clinton County Farm Bureau.

George Dietrick from Penn State Extension Office talked to the children about the 4H program and played several games with them.

Leoni Georgiou, Nutrition Educator Advisor from Penn State Extension Office did a wonderful program with the children. After learning a lot about types of food they got to make a healthy wrap to eat and also made delicious smoothies.

Cathy Caris, Master Gardener helped the children place their garden stones in our flower bed.

Thressa Lingenfelter from the Clinton County Landfill explained a lot about recycling. The children each had a piece of garbage and Thresa told each one how it would be recycled.
