Supervisor Walizer suggested drafting a letter to the Hatchery asking for the unused land where the ponds were expanding the park. Saville reported this was done before. Carol replied there was a follow up letter refusing the request to the township but now we have made progress in development may make a difference.

Mark Saville is requesting new equipment be purchased for younger children to babies. Existing equipment is geared towards older children and very dated. Carol and Rich will search for quotes to be purchased in the spring.
